## Speaker's Profile

**Dr. Laia Montell Bonaventura**

Dr. Laia Montell is a Doctor in Biochemistry. She did her PhD on gene therapy and muscle metabolism at the University of Barcelona in 2000. Later, she moved to Lausanne, Switzerland, for a post-doctoral stay in the prestigious Nestlé Research Center. She has been involved in various research studies performed with chondroitin sulfate and glucosamine for more than 15 years. She has published more than 30 scientific articles in this field. She is currently the R&D Study Manager for Bioiberica, which is responsible for Late Development and Product Support.

**Mr. Rodney Benjamin**

Mr. Rodney Benjamin has been part of the Bergstrom team since 1997. He has held numerous positions during his tenure at Bergstrom including Director of Quality Control, Manufacturing Manager, Director of Supply Chain Management and Global Logistics, and is currently Director of Research, Development, and client Technical Services. He has degrees in both Chemistry and Business Administration and is the inventor of numerous methylsulfonylmethane patents.
